Dear Members of the FOIA Council,

I am a resident of Williamsburg Virginia and am writing to express my support for HB2196 as currently drafted. Public access to police disciplinary records is critical to police accountability and building public trust. I also believe it's important to have access to records of both substantiated and unsubstantiated allegations. If the police want the public's trust and support, it's critical to have transparency.

Please support this important reform.
